Our Historic Inn is a cozy 26 room ‘Italianate Revival’ home and is on the National Historic Register and overlooks our upper Main Street.

With 12-foot ceilings and a Mansard style roof that’s high enough to touch the heavens! Our enormous 200-yr old Copper Beech tree towers over our 3-story home. Relax outside in our patio, complete with a fireplace for your dining pleasure or perhaps, sitting under trees, puffing a good cigar & after-dinner drink to end the night.

An equally impressive tree is our ancient Dwarf Japanese Maple aside our front porch. A great place for people-watching, reading the morning paper, sipping coffee, or perhaps enjoying a Viennese dessert!
